To All,

First, I would like to thank all who attended this meeting. Your passion and interest in preserving this magnificent piece of property is what will drive movement. The meeting was amazing and lots information produced so that we could move forward.

The Minutes are going out to all who were on the meeting list (attended or absent), plus Nicole Bernson because I like to keep her informed of all I'm doing. Additionally, I'm forwarding to L.A. Conservancy. At this point, it has not been sent to Councilmember Mitch Englander. The next step is to hear from Jessie Strobel as to the status of the meeting between Greig, Ramon Barajas, the Director of Maintenance and Facilities, Mitch, and myself.

Jessie: Perhaps you can get an answer within the next two weeks. I'll mark my calendar and check in with you, and hopefully we'll have some information that can be given at the Visions Meeting which takes place on the second Wednesday of each month.

I am confident that together we can start on the priorities and address the Treatment Plan issue.

If you have any feedback whatsoever, please don't hesitate to let me know. Again thank you, and I am truly thrilled that we will all be working together.

Andrea
